

Albatros D.Va

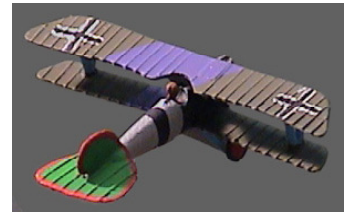

Albatros Flugzeug-Werke D.Va
200hp Mercedes D.IIIa

Dates: Oct '17 - Nov '18
(inline tractor)

Germany Austria-Hungary France Britain U.S. Belgium Russia Italy

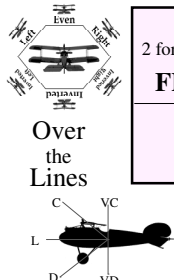

Though there were great expectations for an improved Albatros fighter, the D.V and D.Va had little improvement over the D.III and was a disappointment. Nevertheless, they were widely used and gave good service. Several hundred were produced. Only the cable routing differed between the D.V and D.Va.

Special Rules: Unjam on a 1-3 instead of a 1-5. Guns can be fired singly.
