200hp Hiero

Dates: Oct '17 - Nov '18
(inline tractor)

Germany Austria-Hungary France Britain U.S. Belgium Russia Italy

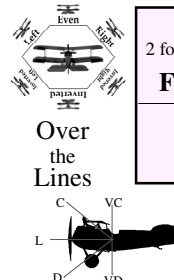

The D.I was designed as a successor to the Brandenburg fighters. It was fast and climbed well, but was fairly unmaneuverable. The already substandard Schwarzlöse guns were fully enclosed and could not be cleared when jammed.

Special Rules: Guns jams can NOT be cleared, as the guns are enclosed.
